

Access to Answer Scripts & Correction of Errors in Declared University Results

1. **Right to Access:**

The students are given answer scripts for access through their login without any payment from the date of result declaration for the subjects in which answer sheets can be scan.

2. **Revaluation/Re-assessment for Query in Result:**

If students have any query in declared result such as Marks not entered, Question/page remain unchecked, Page not scanned etc. following process should be followed...

- Student must have to apply for Re-assessment and pay fees within date/time provided
- Written Application should be submit to HOD
- Application should be forward to Controller of Examination by HOD and Dean/Principal within 10 days from result declaration.
- No application/query will be entertained after 10 days of Result Declaration.

3. **Procedure of Examination Committee:**

Only arithmetical or technical or scanning error found are corrected, the same are changed after due approval of competent authority and changes (if any) in Results are declared.

For marks/question not assessed query the answer sheets may be evaluated by the University subject faculty or an External Faculty as per the decision taken by the Examination Committee from time to time.

The Examination Committee shall have suo-motu power to effect any corrections of clerical/computing errors that may appear in the published results as well as in answer scripts after due approval of competent authority.

The result of the student revised on account of such reassessment shall not entitle the student for medal/prize.

Reassessment fees shall be returned to such students after corrections (if any) as per rule.
